

Bed-o'Cobs[®] 1/8" THE BEDDING OF CHOICE

Keep Your Animals' Environment Dry With 1/8" Bed-o'Cobs

GREATER SURFACE AREA

- Four times more surface area than 1/4" Bed-o'Cobs
- Will not cling to animals or cage
- Faster wicking absorption

NATURAL ABSORPTION & ODOR CONTROL

Bed-o'Cobs is proven to encapsulate the urea salt crystals found in animal urine, controlling ammonia levels. Its sponge-like characteristics then encapsulate ammonia and trap associated odors.

PERFECT FOR ISOLATOR AND IVC CAGES

Porous cob material allows liquids to flow to the bottom of the cage then absorbs liquids from the bottom up.

ENVIRONMENTALLY FRIENDLY

This product is renewable, biodegradable, incinerable, compostable and is a product of annual crop production.

OTHER SPECIFICATIONS

- No variables added since 1962
- Consistently the highest quality corn cob bedding
- Quarterly independent analysis testing

PACKAGING:

- 1.25 cu ft / 35 L Bags
- Enough to fill 111 standard (78 sq in) shoebox cages 1/4" deep
